

## Ramblers Enter League Finals; Put Trochu On The Sidelines In Three-Game Series

Following is the run-down on the final league play standings of the Chinook Hockey League:

TEAM STANDINGS			
	W	L	Pts.
Didsbury	11	3	26
Oids	10	4	22
Trochu	6	7	16
Carstairs	4	9	10
Red Deer	1	6	4

There were no games during the regular league schedule.

### INDIVIDUAL SCORING

Following is a list of the top ten G. A. Pts. Pen

	G	A	Pts	Pen
M. McCoy, Dids.	22	8	30	8
T. Morgan, Dids.	10	14	24	2
L. Devine, Dids.	14	8	22	0
R. Yoss, Oids	13	7	20	13
B. Windsor, Oids	6	14	20	0
C. Phillips, Oids	10	9	19	12
D. Irwin, Dids.	7	12	19	11
L. Lowe, Cars.	10	6	16	6
R. Miller, Cars.	9	7	16	9
K. McCoy, Dids.	4	11	15	8

Other top scorers on the local club were Len Neufeld with 13 points, B. Neufeld with 12, Doug Kemp had 11, Wayne Shantz counted 10, Dunc McLean accounted for 10, Laverne Neufeld came in with 8, Carl Morris tacked up 5 important ones and Bob Wilkins was in on three goals.

### GOALTENDERS' AVERAGES

	G.P.	G.A.	Avg.
Jackson, Didsbury	11	35	3.18
McClure, Didsbury	3	11	3.66
Dodds, Oids	6	23	3.83
Smythe, Trochu	13	58	4.47
Burns, Oids	13	62	4.57
Morris, Red Deer	6	32	5.04
Francis, Carstairs	13	75	5.76

### NO DATE SET FOR FINAL LEAGUE PLAYOFFS

Due to the fact that Oids and Carstairs have been more than a little tardy in finishing their semifinal round in the Chinook League, dates of the final round are not available at press time.

Rumor has it that the first game between the winner of the above series may be played here Saturday night. If not, there will be an exhibition game at the arena on Saturday night. Watch for further announcements.

## Harmattan News

(From Our Own Correspondent)

(Intended For Last Last Week Miss Edna Kibbeler of Sundra was a weekend visitor at Miss Kathleen Grange.

Miss Noreen Johnston had a few friends in to help her celebrate her 13th birthday.

St. George's W.A. met at the home of Mrs. John Morgan for its monthly meeting on February 12th.

It was decided to have a film soon. It was also decided to bring an article each week to the front for the department of business. Mrs. Morgan presented Mrs. Vic Johnston with a gift in appreciation of her playing the organ for the church services.

Bill Johnston had the misfortune to hurt his hand badly last week while at work.

Harmattan Home and School Association held its meeting at the school on February 18, with a good crowd in attendance. Plans were made to have the Didsbury Choral Society come to a meeting soon. Mr. Ball, entertainment convenor, then presented two films entitled "Slingshot" and "Frustrating Pours and Fascinating Pivers." The Mrs. Smith room won the pennant for this month. Next meeting to be held on March 18th.

Mrs. Dave Morgan is at present staying at the home of her brother-in-law, Mr. Geoff Morgan in Calgary.

Mrs. Will Spooner is staying at the home of Dr. Leacock in Oids.

Mrs. Howard Moore is a patient in the Oids hospital.

Miss Marilyn Knights and Leonard Turnbull were visitors to Black Diamond recently, where they visited with Mrs. Jane Smith.

Mr. Robert Turnbull is at present working on an oil rig at Bowden. The Harmattan Hall Club held its monthly meeting at the home of Mrs. Jack Wiper on Wednesday, Feb. 26. Main topic of business was a dance to be held on Feb. 28. Door prize was won by Mrs. Don Blore. Next meeting will be held at the home of Mrs. Lou Workman.

Didsbury Ramblers, local entry in the Chinook Hockey League, advanced to the finals for the league championship when they defeated Trochu here Monday night in the third game of a best of three series. Trochu won the first game on their home ice last Thursday night but were unable to cope with the Ramblers in the second and third games, played in Didsbury on Saturday and Monday night.

Following is a short run-down of the three games:

### TROCHU 3 - DIDSBURY 1

Playing the first game of the semi-finals in Trochu last Thursday night, Trochu defeated the Ramblers by a 3-1 score.

On this occasion the breaks went to the winners who took advantage of the shaky go to keep their opposition off balance when it counted most.

The game was a well-matched affair and the decision could have gone either way.

### DIDSBURY 8 - TROCHU 1

Playing here on Saturday night, Didsbury made no mistake about their intentions of staying in the playoffs. They ground the visiting Trochu club by an 8-1 count.

They lead 3-0 at the end of the first period, added a singleton in the second and wrapped in four in the final session.

During the evening Tro Morgan (the empty net specialist) was credited with three goals. (They say the goalie was in the vicinity of the net on all three tallies.)

### DIDSBURY 5 - TROCHU 2

Trochu's entry in the Chinook Hockey League were put out of business for the season when the Didsbury Ramblers defeated them 5-2 in the final game of a best of three series.

The locals lead 2-0 at the end of the first on goals by B. Neufeld and Miller McCoy; added three in the second, courtesy of D. Irwin, L. Devine and Laverne Neufeld. The opposition were only able to muster two goals, which came in the second period.

### AWARDS MADE TO RAMBLER PLAYERS

It happens about this time every year — Mrs. Joyce Mullen steps on the ice near the end of the hockey season to hand out awards to local players who have excelled in their chosen sport during the winter season. Last Saturday night Joyce was on hand, on schedule, to present a cup to Miller McCoy for being the top scorer on the Ramblers during league play. (Incidentally he also won the league title in this department). Miller was also rewarded with a wall plaque for being judged the most gentlemanly player in the local squad. Lloyd Devine also came into the picture when he was presented with a trophy for being judged the most valuable player on the team.

### CREMONA NEWS

(From Our Own Correspondent)

The annual parents' night at Cubs and Scouts was held Monday evening, Feb. 17. The new committee consists of Mr. A. Thompson, president; Mr. Gordon Reid, secretary-treasurer; and Mr. Lawrence Krebs, Mr. Harold Russell, Mr. Ken Brian and Mrs. Edith Jennings. Plans are underway for participation in the big night at Oids on April 5th.

The Sewing Circle met at the home of Mrs. J. Simpson on Wednesday, Feb. 26th.

The men's bonspiel at Cremona is in full swing with 36 rinks participating.

Mrs. Lawrence Krebs entertained several Cub mothers at her home last Thursday afternoon, to plan the Cub costumes the boys will wear in the chuck-wagon race at Oids.

A shower for Mr. and Mrs. Harold Wilson was held at the Big Prairie school on March 1st.

The 4-H Club held a bingo and dance at the old Dog Pound on February 28th.

Mrs. John Rattray spent several days in Calgary last week. Her sister, Miss Margaret Grant, is again a patient in the General hospital.

### Thinking Day Proves Very Successful

Thinking Day, February 22nd, for Scouts, Guides, Cubs and Brownies did not pass by unawares. On this day the Guides held a successful pie and candy sale, so enabling them to add \$23 to the treasury.

The colorful cotton skirt display was most commendable. The winners for the local competition were: 1st, Sharon Connor; 2nd, Judy Tarsch; 3rd, Janet Sorenson.

These three, along with three more, will enter the provincial district competition.

A church parade was held in the Evangelical Church on Sunday, February 23rd. Scouts, Guides, Cubs and Brownies were all represented.

The captain and lieutenants wish the mothers of Guides to know the weekly meetings adjourn at 9 p.m.

## Annual Art Exhibit, March 15th

The Didsbury Branch No. 106 Ladies Auxiliary to the Canadian Legion, will again sponsor its annual Art Exhibit and tea in the school auditorium on March 15th, from 2:30 to 5 p.m.

Oids and Didsbury artists who will show paintings include, Mrs. S. Miller, Mrs. A. M. Stevens, Mrs. Clarence Rinehart, Miss Carol Ray, Dr. Bankier, Mrs. Ken Sherick and Mrs. G. Mullen.

The Junior section, which proved so popular last year, will again be included, and entries for these sections should be sent in before the 10th of March to Mrs. A. McMartin for juniors and to Mrs. G. Mullen for the senior group.

In addition to the local art, a display of Jeffery's historical drawings will be shown, under the auspices of the department of economic affairs. This exhibit is touring the province.

Tea will be served and there will also be a home baking table. A free car service will be provided from Slings Drug Store corner to the auditorium for those who would like to attend but find the distance a deterrent. Trips will leave every 15 to 20 minutes. There is no charge to see the exhibit.

As in past years, a picture will be raffled, the winning ticket holder having the choice of at least two pictures. These will be on display in Folkman's window the first of the week.

## Town Council Talk About Parallel Parking

At a regular meeting of the town council held Monday, the question of parallel parking on the hotel street came in for discussion, and it was decided that a final decision would not be made until the paving of the street was completed.

At the same meeting a \$200 grant was made to the local library.

## ZELLA NEWS NOTES

(From Our Own Correspondent)

Mr. and Mrs. Roy Walton and family of Edmonton spent the weekend at the home of Mr. and Mrs. E. W. Lowrie.

Mr. H. O. Youngs of Grainer is holidaying for a few weeks at the home of his son-in-law and daughter, Mr. and Mrs. Jim Johnston.

Mr. and Mrs. Doug Johnson, Ruth and Ronald Johnson, and Milt Gibson were Sunday dinner guests at the home of Mr. and Mrs. Jim Johnston.

Mrs. E. Lowrie left on Tuesday to attend the Cancer Workshop in Calgary.

Congratulations to Mr. and Mrs. Elwood Scott on the birth of another son, Sunday, March 2nd.

Shown above is a 3 1/2-year-old Moutral boy, and the automatic "pacemaker" that kept his heart beating normally for 11 days following a very delicate coronary operation.

## Civil Defence Plan Medical Services

Mr. William J. Barnall, director of Civil Defence, announces that the Municipal District of Mountain View No. 49, civil defence organization, has been most fortunate to secure the appointment of Dr. J. A. D. Paul of Didsbury as chief of medical services, civil defence.

Dr. Paul left on Saturday, March 1st for a special defence course at the Canadian Civil Defence College, Amherst, Ont. During Dr. Paul's absence his practice will be attended by Dr. E. Martin. Dr. Paul will return to resume his regular practice on Tuesday, March 11.

## Fish and Game Elect Officers

A new slate of officers was installed at the Didsbury and District Fish and Game Association at its annual meeting held in the Lions hall on February 28. They are:

Mr. I. L. Klein, president; Mr. Dick Wannamaker, vice-president; Mr. Raymond Palkovich, secretary-treasurer; Mr. H. E. Wood, bug committee; Mr. W. Goehle, fish committee; Mr. Jay Tussle, predator committee; Mr. Ray Campbell, migrator and committee; Mr. Art Thompson, upward and committee; Mr. I. Klinek, entertainment; Mr. "Red" Patton, membership; Mr. G. E. McDonald, publicity.

A drive is now on for members and the price is only \$1.00 per membership. This is a worthwhile organization and needs your support.

The annual banquet will be held on Saturday, March 15 in the school auditorium. Tickets are on sale at many of the local stores or from any member of the association. Everyone is welcome. Admission \$1.25 per plate, children under 12, 65c.

## BERGEN NOTES

(From Our Own Correspondent)

Deepest sympathy is extended to the Scott family in their loss.

Mr. Charles Rowell was also buried at Bergen on Thursday. He settled here after World War I and lived here until five years ago when he was taken to the Belcher hospital in Calgary, where he passed away. His cousin, Mr. D. A. Brown, resides here.

Mr. John Hare is seriously ill in the Didsbury hospital. His daughter, Mrs. Alma Bioran of Prince Albert, Sask., is staying with relatives in the district.

## BIRTHS AT THE DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. Elwood Scott of Didsbury, on March 2, a son.

To Mr. and Mrs. John Camps of Cremona, on March 4, a son.

To Mr. and Mrs. H. J. Neufeld of Carstairs, on March 4, a daughter.

## Writer Knocks Hail Suppression

The Editor,

Didsbury Pioneer: Though "Hail Suppression" has been defeated and should soon become a dead issue, I feel that the letters published the last two weeks need some comment. I'll agree with Mr. Morsch that on occasion hail storms were used as judgement, but a perusal of the references cited will show that these were storms of supernatural severity, and bear little resemblance to the natural storms that plague this district. But we object even more strongly to the implication in last week's letter that this was the reason so many voted against it. The issue was defeated on its merits, or more precisely, its lack of merits.

The "success" of last year's vote seemed based upon freedom from hail in 1956. But the writer can remember a whole 10-year period (1921-1930) when this section received no serious hail damage. Wouldn't W.R.D.C. have something if it started in 1921?

The explanation of hail suppression just does not make sense. Theories are supposed to produce nuclei, around which the moisture is to condense and fall as rain before hail is formed. But a Saskatchewan government report suggested that cloud seeding could actually reduce rainfall by dissipating the moisture about so many particles that few become heavy enough to fall. If this is correct, the winds could actually cause more hail by leaving more small drops ready to be caught in an updraft and carried to the freezing air above.

But W.R.D.C. and its advocates come along and tell us that we need them (for a consideration of \$51,240) to provide a few generators to supply ions to the air for nuclei so our inch or two of rain will have something to condense around, and then it won't hail! What nonsense!

Let's observe nature and use the God-given brains which last week's correspondent suggests some of us may have.

While I have grave doubts that our hail storms are punishment for our culpability, I have a strong suspicion that the "Hail Suppression" tax of last year was punishment for our stupidity.

(Signed)

EMERSON R. SHANTZ

## A MOMENT WITH MONS

Just a reminder that the entries for the One-Act Play Competition must be in the hands of the Dept. of Extension, University of Alberta, on or before April 15th.

Mons Chapter, I.O.D.E., is most anxious to have entries from this district. Further details can be obtained from Mrs. Alex Robertson or Mrs. Alf Allen. The award is \$100.

## Midway News

(From Our Own Correspondent)

The recently completed ladies' bonspiel was a big success with the following rinks taking home the jewellery:

First event: Kay Clark, Carstairs; Peg Hay, Aimee, Grace Bittner, Didsbury; Inagh Forbes, Reed Ranch.

Second event: Marie Siebert, Midway; Eileen Neumiller, Midway; Lois Cassebeer, Midway; Della Taylor, Midway.

All prizes were donated by local merchants, to whom the club would like to say thank you.

An A.F.U. Local was formed at Midway school on Saturday night. Approximately 30 were present and the following slate of officers was installed: President, Jim Lore; vice-president, Arnold McCulloch; secretary-treasurer, C. D. Harder; executive, G. Underhay, Wm. Persinger, C. Van Tettering and G. Marsh.

Mrs. Paul Hauser has been in Calgary this week receiving eye treatments.

## Home and School Elect New Officers

The regular meeting of the Didsbury Home and School Association will be held on Monday, March 10 at 8 p.m. in the school auditorium.

At the business meeting a nominating committee will be elected to bring in a slate of officers for the coming year. Arrangements will also be made to send a representative to the Alberta Home and School Federation meeting to be held early in May at the University of Alberta in Edmonton.

Following the business session a skit on "Parent Education" will be presented.

(Signed)

EMERSON R. SHANTZ

## Kinsmen Corner

Watch the back page of this paper for the next dance. A different date has been chosen and there will be a different orchestra supplying the music. We want to see you there!

The forward winds have it that a local talent variety concert is in the planning stage. Watch this corner for the date.

Next Kinsmen meeting will be held Monday, March 17.

## BIG BUSINESS CONFERENCE!

The "Board room" is a street corner, the "client" wears slacks and a sports shirt . . . but the business they're talking is BIG business. Here's why: travellers like this one are customers in one of Alberta's major industries: the tourist business.

Annually, tourists visiting Alberta spend \$65,000,000 here, buying accommodation, service, transportation, petroleum products, souvenirs, and other merchandise, and—most important—consuming a vast quantity of Alberta-grown farm products.

These are YOUR customers: whether or not they're satisfied customers is YOUR business. Your business grows in volume and prosperity if your customers enjoy their visit here, prolong their stay, return again, and recommend Alberta to their friends.

## Make the Tourists' Pleasure Your Business!

### Here's How:

1. Know your district, its places of interest and places to eat or stay and what activities there are for visitors; know how to get here and there.
2. Know where such additional information as a tourist may need is available.

3. Make friendly conversation with visitors if they are not otherwise engaged.
4. Help visitors overcome any difficulties they may be having.
5. Use common courtesy when asked questions by a tourist, or in any business situation be especially considerate of visitors.

Support your local tourist committee!

## Letter To The Editor . . .

The Editor,  
Didsbury Pioneer.

Dear Sir:

The recent letters published in your paper respecting health and religion have been most interesting. I certainly agree that every doctor worth his salt is working to put himself out of a job. This applies equally to Christian ministers for the prophecy will be fulfilled "they shall not teach every man his neighbour." . . . saying know the Lord for all shall know me" Hebrews 8:11. But, just as there is a right and a wrong approach to medicine even so with Christianity, and this is even of more vital importance.

Emotional strain, disease and death did not spring in the beginning from man's wrong conception of medical aid but rather because of his failure to maintain right worship of the one true God. This wrong taught pattern has eventually led to the ill of society and the dangers of the world's systems as we know them today. Certainly it has not been the lack of religion that has now brought civilization to the brink of destruction, but rather the misapplication and misconception of that essential commodity.

Since true worship can be construed as that which can benefit mankind the most, false worship must, justly then be considered as capable of bringing the greatest harm.

There are a great variety of religions on earth but we who live in Christendom like to think that we have the best. Yes, in Christianity we do have a God who represents justice, love and mercy; an intelligent God well worth serving. As a God of purpose we see too that He is one who can bring the greatest good and solve our vexing problems for us. Peace, prosperity, health and happiness are all promised to his children. Yet if we disavow recent world history one surprising thing stands out, and that is that countries laying claim or having laid claim to Christianity pose the greatest threat to man enjoying these blessings. The two greatest wars ever entered into in the history of man and which have brought the greatest destruction, have primarily had their beginning and fulfillment in Christendom. The gravest threat to world peace and safety even today is poised in the midst of lands of church-going or church-loving people. These same lands have spawned cruel and abominable dictatorship that have caused suffering and loss among millions of the human race. Now millions of dollars are being spent on suicidal weapons of war to establish peace on the shaky foundation of fear. Mankind has not yet learned that fear can never be a basis for peaceful co-existence, except temporarily, or until someone can pick up a bigger club and the fear diminishes.

What then are the causes of this grave world sickness? Individual man, who multiplied many times over, forms the nations of the earth may answer, if I had my way conditions would be different.

Yet the Bible does state that "as he thinketh in his heart, so is he." Man may consider many secondary changes that would change the present system of things for the better but primarily the things that really count is his faith and the purpose for which he himself must live. This involves doctrine, and there are many principles to be considered.

Certainly the time is coming and now near when spiritual teachers will put themselves out of business one way or another "for the earth shall be full of the knowledge of the Lord, as the waters cover the sea." Isaiah 11:9. That is a promise.

In theocratic interests.

JOHN VERIGAN

ED. NOTE: Due to the extreme amount of detail contained in the above letter we were forced to delete some portions of the correspondence. We would ask that when writing letters to the editor you confine your copy to half a column, or less. Thank you!

### BEEN THERE ? ? ?

Just how good a red-hot idea is usually depends on how much heat it retains when somebody throws the cold water on it.

### NEW CAR LICENCES NOW ON SALE

Alberta's new car licence plates went on sale Monday, March 3rd. The color combination for the 1958 plates consists of black letters on a lemon yellow background. Provincial government officials are confident this variation in the plate colors will prove satisfactory on a general scale.

For the first time, Alberta has sold more than 400,000 motor vehicle plates in the current licence period which does not end until March 31, though the new plates are now available.

### LET US REMEMBER!

1. If Conservatives are sincere in their declaration that minority parties are a danger to democracy they should back up their "convictions" by withdrawing from Alberta, B.C., Saskatchewan and Quebec, where their party occupies the third or fourth position.

2. It is now obvious that Conservative promises of Senate reform, given so freely during the 1957 election, were meaningless. Record: Ten Conservatives and one Indian appointed to the Senate by the Prime Minister since June 10th.

3. During the last session of Parliament the Liberal Party performance was pathetic, inept and in many cases ridiculous.

4. By their own admission the private members of the Conservative party did not see Bill 237 (Agriculture Stabilization Act) before it was submitted to the Parliament. (Hansard Jan. 24th, 1958, Page 3749.) Social Credit and C.C.F. members forced nine amendments to the bill.

5. Social Creditors contend that Canada's economic problems cannot be solved unless and until we accept the fact that production should govern the money supply. Today the money supply governs production.

6. It is an historical fact that whenever Canada has had a Conservative government, Canada-U.S. relations have deteriorated with severe economic consequences.

7. Socialism must inevitably involve centralization of power with less and less individual freedom.

8. Since June 10th the Conservative government has spent the surplus left in the treasury by the Liberal Government and, on the basis of commitments to date, have plunged Canada into debt to the extent of \$50 million dollars.

9. The Conservative Government, although not defeated in the House of Commons, called an election which, weatherwise, is the worst time of the year, because:

A. It did not wish to present a budget, and thus reveal the true state of Canada's finances.

B. The unemployment and economic problems are daily growing worse and the government is incapable of coping with such problems.

C. It hopes, by currying the favor of Premier Maurice Duplessis of Quebec and his Union Nationale Party to secure enough additional seats in Parliament to entrench itself in office before the inadequacy of its policies becomes fully known.

10. F. D. (Jack) Shaw is one of the most experienced and capable Members of the House of Commons and has given the Red Deer Constituency efficient, responsible and effective representation and service. He has worked and Voted for You. Let us Work and Vote for Him!

Vote —

## Just For The Record . . .

A new ultra-modern X-ray unit, costing in the neighborhood of \$13,000 (courtesy of the government of Alberta) will be available for use in the local hospital before too many days pass by. The X-ray room is being renovated to take care of the new equipment which will make "our" hospital one of the finest in the province.

## Just For The Record . . .

Have you filed your income tax return yet? You have? Did you include as income the \$20 gift (?) you received from the provincial government last year? You didn't? Now you're in trouble with the federal government! (By the way who is running the show down there these days?) We must be paying somebody for something. What is that something?

## Sounds Good — But Yes . . .

An unofficial report received through the grapevine tells us that there is a strong move being made towards having an artificial ice plant installed in the local curling rink next year. ('Tis said the government might help out a bit financially). The suggested deal would also make artificial ice available to the Memorial Arena, which will be a sad memorial if something along this line is not done. They tell us now that "the shell" was officially closed for the season on Saturday night. Anybody want to buy some skates and hockey equipment?

## Another Famous Quote . . .

If your calm and collected when everyone else is losing his head — maybe you just don't understand the situation.

what,  
when and how much?

These are three very important questions to every farmer planning to use a fertilizer — what analysis should he choose . . . when should he apply it . . . and how much per acre should he apply?

Alberta farmers can find the answer to these questions in a new Fertilizer Recommendation Pamphlet, now available from all Elephant Brand Fertilizer agents and sales offices. The pamphlet gives information on the correct fertilizer for all Alberta soil types and major crops, as well as the most effective application rates.

The information contained in the new Fertilizer Recommendation Pamphlet has been compiled with a background of more than 25 years of fertilizer test work and practical experience on the Prairies. The pamphlet is designed as a service guide for Alberta farmers, to ensure a sound fertilizer investment. Free copies may be obtained from any Elephant Brand Fertilizer agent.

### OLD FASHIONED IDEAS ON MODERN EDUCATION

We followed the recent conference on education held in Ottawa. Other than to accumulate the educational pressures most of us already knew existed, very little came out of the conference beyond the dedication to set about trying to correct some of our weaknesses. Some of the opinions which came from outside the conference were very refreshing.

There was our own Alberta judge, Nelles Buchanan, who advocates the return of discipline to the classrooms even to the point where the teacher concerned can administer punishment when and where necessary without referring to the principal of the school.

This ties in with a very unfortunate juvenile delinquency outbreak in Calgary during the week. A bunch of boys were caught siphoning gas from cars and trucks. One of the parents concerned made a violent attack verbally on the police for bringing his and the other boys into court. One trucker who had suffered most, losing gas by the hundreds of gallons, was reluctant to lay charges . . . he had already beaten up on a couple of the lads when he caught them red-handed.

The explanation given by the boys was that there was nothing else for them to do, so they just had to have gas to drive around and around. The question arises, how can our educational system meet a situation such as this and spark the ambition of such boys into some useful endeavor.

— The Camrose Canadian

### BIGAMIST ? ? ?

"I don't want to see any callers this afternoon," said an executive to his secretary. "If they say their business is important, just tell them that's what they all say."

During the afternoon a woman called and insisted on seeing him. "I am his wife," she explained. The secretary replied:

"That's what they all say."

## LIGHT YOUR WAY WITH BIBLE STUDY

"How can we know the way?" There is a world crying for light and hope and salvation in this question of Thomas: "How can we know the way?" It was on the memorable Thursday evening that Jesus had told His bewildered Eleven that He was going to prepare a place for them in His Father's house, where there were many mansions, that Thomas, expressing the uncertainty of his fellow-disciples, asked the pivotal question: "How can we know the way?"

Throughout the ages blind, groping men, held and awayed by fear and doubt, have yearned with deep longing for the road that would lead to blessing. They have mobilized their wealth and combined the resources of human ingenuity to discover the path on which they climb out of the darkness. They have searched for a road that would safely guide them over the yawning chasms and bottomless pits of uncertainty and despair. But, search as they might, reinforced with all the advancements of science, they still wander around singing the litany of despair: "How can we know the way?"

Travellers tell us that as you travel through Switzerland, especially in the winter, when snow covers the country-side and all landmarks are hidden, you notice as you climb over the paths, some of them near the precipice, that the path is marked by a cross. As you look ahead a little, there is another cross. Yonder still another. Look across the valley, there is a cross. You can find your way along the pathless way if you just keep your eyes fixed on the cross that you see in front.

All the way in the Christian life the Cross is before us. It is there in the beginning, and when we get a little further on it is the Cross still, and when we are near the goal, it is the Cross still. This Cross is the Way. "I am the Way, the Truth, and the Life: no man cometh unto the Father but by Me."

This is the way that leads from cross to cross, from tear to rejoicing, from believing to seeing.

THE  
Homemakers

By HELEN HOWARD  
District Home Economist  
Dear Homemakers:

Be A Winner!  
Many of you will be entering  
handicrafts in exhibits and fairs  
later this year. For prize winning  
handicrafts keep in mind these  
pointers on color and design:  
Beware of Too Many Colors

Three colors are usually enough.  
Use one color in the largest amount  
and in the softest or duldest inten-  
sity for the background color.  
The secondary color should be  
brighter and used in smaller am-  
ounts. A third color for accent  
can be quite intense or bright but  
used only in small areas. Don't  
use all pale or pastel colors. A  
touch of bright color is what is  
needed to add personality to your  
work.

In crocheting dillies the effect  
is much easier if only one color is  
used. White and ecru are most at-  
tractive, fit into any color scheme,  
and provide a pleasant background  
for objects placed on the dolly.  
Avoid variegated thread!  
Dare To Be Different  
With Design

When choosing a pattern or de-  
sign stay clear of naturalistic de-  
sign. You can't reproduce the ob-  
ject exactly in color and form, so  
what you are really doing is mak-  
ing a poor imitation of it. So stick  
to conventional design — that is  
a simplified form that suggests a  
natural object but doesn't copy it  
exactly. Besides, it's more modern.

Be original! Most of the designs  
available in the stores (e.g., pine-  
apple pattern in crocheting) have  
been used so often they have be-  
come monotonous. Find a new de-  
sign, or why not try making your  
own?

Form Follows Function  
Keep the purpose of the article  
in mind. A cushion, as well as being  
decorative, should have a purpose  
(e.g. for resting the head). A fancy  
apron can be very pretty and fancy  
yet it should also provide some pro-  
tection for your dress. A pot hol-  
der, though it may also be used to  
decorate your kitchen, should be  
practical, large enough and thick  
enough to protect your hands. The  
purpose of a dolly or centre piece  
is to protect your table so a closely  
crocheted pattern is better than a  
loose open one.

And don't forget the care the  
article will require. Choose darker,  
washable, color-fast materials for  
articles that require frequent wash-  
ing. Frilly, fuzzy designs in dillies  
and pillow cases take a good deal  
of your precious time to keep them  
looking their best.

Write to this office for our free  
pamphlet on "Standards For Judg-  
ing Food, Clothing and Handi-  
crafts." It gives the standards by  
which your exhibits are judged and  
every exhibitor should have one.

District Scout Receives  
High Honor . . .  
On February 22nd, on the anni-  
versary of Lord Baden-Powell's  
birthday, the list honorees and awards  
to Boy Scouts in Canada was given  
out by the Right Honorable Vin-  
cent Massey, Governor General and  
Chief Scout of Canada.

Among these awards was a letter  
of commendation given to Scout  
Gordon Peck, of the 1st, Hainstock  
Troop, commending him for his ac-  
tion in helping Charles Pickett  
when his hand caught in a belt  
pulley of the washer a year or so  
ago. Gordon's prompt action was  
credited with having assisted in  
saving Mr. Pickett's life.

There cannot be the slightest  
objection to farmers or any other  
producers organizing for marketing  
on a voluntary basis. But there is  
and always will be very real ob-  
jection to compulsion.

CHRISTIAN SCIENCE  
How spiritual understanding of  
true manhood brings new health  
and freedom will be explained Sun-  
day at Christian Science service.  
The Lesson-Sermon entitled  
"Man" will include the following  
passage from the Bible (Psalm 16:  
5): "The Lord is the portion of  
mine inheritance and of my cup;  
thou maintainest my lot. The lines  
are fallen unto me in pleasant  
places; yea, I have a goodly heri-  
tage."

Readings from "Science and  
Health with Key to the Scriptures"  
by Mary Baker Eddy will include  
the following (217:19): "The un-  
derstanding of his spiritual indi-  
viduality makes man more real, more  
formidable in truth, and enables  
him to conquer sin, disease, and  
death."

The Golden Text is from Psalms  
(37:37): "Mark the perfect man,  
and behold the upright: for the end  
of that man is peace."

There cannot be the slightest  
objection to farmers or any other  
producers organizing for marketing  
on a voluntary basis. But there is  
and always will be very real ob-  
jection to compulsion.

CHRISTIAN SCIENCE  
How spiritual understanding of  
true manhood brings new health  
and freedom will be explained Sun-  
day at Christian Science service.  
The Lesson-Sermon entitled  
"Man" will include the following  
passage from the Bible (Psalm 16:  
5): "The Lord is the portion of  
mine inheritance and of my cup;  
thou maintainest my lot. The lines  
are fallen unto me in pleasant  
places; yea, I have a goodly heri-  
tage."

Readings from "Science and  
Health with Key to the Scriptures"  
by Mary Baker Eddy will include  
the following (217:19): "The un-  
derstanding of his spiritual indi-  
viduality makes man more real, more  
formidable in truth, and enables  
him to conquer sin, disease, and  
death."

The Golden Text is from Psalms  
(37:37): "Mark the perfect man,  
and behold the upright: for the end  
of that man is peace."

Service Board

SCARIFICATION: Many men  
are being impressed with the value  
of a sweet clover crop and are con-  
sidering this legume so that  
they might plow it under to en-  
rich their soils. There are a few  
things that you should know about  
sweet clover.

The seed is very hard and unless  
this coat is chipped or cracked  
water cannot enter and the seed  
will not germinate. The process of  
chipping or cracking the seed coat  
is called scarification. The amount  
of unscarified seed in a threshed  
sample may run as high as 90 per-  
cent.

If unscarified seed is sown por-  
tions of it may germinate year after  
year for 20 years. This accounts  
for weed-like behaviour of volun-  
teering and explains while it is  
highly important to use only scarified  
seed. Usually seed purchased  
from seed houses has been scarified.

Home-grown seed, if intended to  
be used on the farm for seed can  
be scarified as follows:  
A plate type of grain grinder or  
crusher may be used. Adjust the  
plates so that a small percentage  
of the seed is ground. To deter-  
mine the percentage of scarifica-  
tion place a sample of the seed in  
water for about 24 hours.

Scarified seed will swell to 2 or  
3 times the size of unscarified  
seed. The size difference permits  
an estimate or actual determination  
of the percentage of scarified seed.  
From 95 to 100 per cent of the seed  
should be scarified.

SHOULD BE THE  
SAME HERE

British old age pensions, sickness  
benefits, unemployment benefits  
and other payments from the na-  
tional security fund have just been  
increased. "The government would  
like to do more," says the pam-  
phlet, "but someone must pay for  
these benefits. It can only be those  
who are still working and earning."  
So the weekly contribution to the  
fund from the worker goes up.

Whether they grudge it or not,  
Britishers will recognize that the  
proposition makes sense, asserts  
The Financial Post. If large bene-  
fits are desired, larger premiums  
must be paid. This is how any  
well-conducted insurance plan has  
to work.

Canada must eventually have to  
come round to such a plan.

A SMALL MATTER  
There is a small matter which  
some of our subscribers have ap-  
parently forgotten. To us it is nec-  
essary in our business. We are  
very modest and do not wish to  
speak of it.

Wise To  
Stay Clear ???  
Provincial governments will be  
wise to move slowly and cautiously  
in these compulsory farm market-  
ing schemes, suggests The Finan-  
cial Post.

These moves are doubtful enough  
from the producers' standpoint as  
there is sure to be natural and  
justified opposition from indepen-  
dent minded farmers who wish to  
run their own show and sell their  
products when, where and to whom  
they please. Any government lin-  
ing up against such individuals is  
not only risking its popularity but  
is taking sides in a matter where  
at the very least it should be neu-  
tral. Of more importance, it is  
acting against the interests of the  
consumer.

There cannot be the slightest  
objection to farmers or any other  
producers organizing for marketing  
on a voluntary basis. But there is  
and always will be very real ob-  
jection to compulsion.

CHRISTIAN SCIENCE  
How spiritual understanding of  
true manhood brings new health  
and freedom will be explained Sun-  
day at Christian Science service.

The Lesson-Sermon entitled  
"Man" will include the following  
passage from the Bible (Psalm 16:  
5): "The Lord is the portion of  
mine inheritance and of my cup;  
thou maintainest my lot. The lines  
are fallen unto me in pleasant  
places; yea, I have a goodly heri-  
tage."

Readings from "Science and  
Health with Key to the Scriptures"  
by Mary Baker Eddy will include  
the following (217:19): "The un-  
derstanding of his spiritual indi-  
viduality makes man more real, more  
formidable in truth, and enables  
him to conquer sin, disease, and  
death."

The Golden Text is from Psalms  
(37:37): "Mark the perfect man,  
and behold the upright: for the end  
of that man is peace."

**How**  
**LEYTOSAN**  
**Makes You**  
**2-Way Profits!**

It's money in your pocket when you buy Leytosan—a British product . . . the only British seed treatment on the Canadian market. When you buy British you help sell your own grain to Britain—one of Canada's best customers. There's extra profit for you with Leytosan.

And there's extra crop profits in one simple, easy treatment of seed grain with Leytosan. Because Leytosan pays off in the control of soil-borne diseases, increased germination. Remember—It's Leytosan for 2-way profits.

#### Check these features:

- ✓ Increases germination
- ✓ Improves grades
- ✓ Stops smut
- ✓ Helps check root rot
- ✓ Free-flowing
- ✓ Practically odorless

## Notes From D.A.

By Howard J. Fisher

Seed treatment is crop insurance and sound farming practice. There are many benefits from treating your seed, control and disease, disease, prevention of seed rot and seedling blight, more uniform germination and stands.

Chemical compounds containing mercury are recognized as the best all-round seed treatment. Formaldehyde and copper sulphate are recommended treatments as they can injure and reduce germination and do not provide protection to the seed from soil-borne diseases.

Before treatment, seed should be thoroughly cleaned. No matter what chemical is used, or how it is applied, it is most important that every kernel is adequately coated with the chemical. Wheat and flax should be treated at least 24 hours before sowing, while oats and barley should be treated at least one week in advance to sowing.

Loose smut in barley is not controlled by chemical seed dressing but can be controlled by use of the Spengen or Water Soak method of treatment. For wire worm control there are combined chemical treatments available from various firms.

All seed - treatment chemicals should be handled as being poisonous, and care exercised. Read and follow carefully the directions of the manufacturer which are printed on the container. Do not feed treated grain to livestock.

In legume seed treatment the seed treatment should be properly inoculated with the correct dated inoculant. Do not mix inoculated legume seed with mercuric compound treated grain as these compounds will kill the culture.

## If Trouble Comes

If trouble comes, as come it will.

Turn greet it with a great big smile. And you will have it beat for awhile.

Trouble will sometimes get you down. Will make you sad.

and put on a frown; Turn on a smile, and a kind word say.

You will soon have your troubles chased away.

Trouble will make you feel as mean as sin.

But remember, a smile is the best thing:

To scare your troubles clean away.

So they won't come back for many a day.

We all get troubles, large or small.

But don't let trouble, trouble us at all:

Let's just meet our troubles with a grin.

And trouble just won't have a chance to get in.

If trouble comes a'visiting you,

Don't let it make you feel sad and blue;

You will find a smile is just the thing.

To make you happy and want to sing.

Trouble can cause more grief and pain.

Than any other thing that I can name:

But a smile will go a long, long way.

To drive all our troubles clean away.

(Signed) E. COOMBS

## JACKSON LADIES' GROUP HOLDS REGULAR MEETING

On February 26th the Jackson W.I. met at the home of Mrs. W. Bohannon, when 22 members were in attendance. Roll call was answered with "one of the favorite books you have read."

Mrs. O. Paas and Mrs. S. Low were delegated to attend the bi-annual district conference in Calgary on March 18 and 19.

Canned goods, such as pickles, fruit, etc., are to be brought to the next meeting, to be taken to the handicraft display and tea, which will be held in Didsbury on April 26th.

Mrs. C. Eckstrand for her five-minute talk read an article on the first Indian senator, James Gladstone.

The Institute decided to make up a shipment of old woodens, to be shipped to Fairfields; anyone having old woodens are asked to contact Mrs. L. Hildebrandt, phone 1210, Carstairs. These articles must be in by March 31st.

The meeting then adjourned to the basement where for her agricultural topic Mrs. L. Bird, thru the courtesy of Mr. Lloyd Vogel, showed a film, "The Farmer and the Country Elevator." Mrs. Bohannon for her entertainment topic, had another film this a comic, "The Cat and the Bell."

The members then joined around the open fire place and a crackling fire and enjoyed the lunch served by the hostesses.

## Guesting Again . . .

In efforts to justify his claim that other forms of taxation are required, Provincial Treasurer E. W. Hinman has stated that higher taxes are inevitable "unless the public decides not to ask for more services."

It is admitted that the public asks for more in the way of government help. But the government

has also supplied services which were not demanded. We would like to ask Mr. Hinman what demand was made last year for payment of nearly \$11,000,000 in the form of the individual \$20 citizen handouts. How many Albertans asked for this handout? What pressure groups lobbied for its payment? The opposition in the legislature

## WERE YOU THERE?

As the animals were boarding the ark, Noah remarked: "Now I herd everything!"

tought the scheme tooth and nail. We don't know one individual, personally, who even thought of such a payment until it was introduced by the government itself.

How, then, can Mr. Hinman put all the onus on the public and its "demands" for more services?

**DISTRICT NEWS****M.V.B.C. NEWS**

(From Our Own Correspondent)

The choir finished its tour this week end. They held concerts at May City, Castor, Galahad and Edmonton and returned home late Sunday night. The director, Mr. R. Carpenter left the college campus on Monday morning to catch the plane from Calgary for his home in Michigan. He will be inducted in the American army some time this week and will be in camp for six weeks for basic training. This possible that he will be released at commencement time and may be able to return to conduct the annual choir tour after school closes. We wish him every good thing possible as he leaves us.

On Wednesday evening last week the faculty and students held a farewell for Mr. Carpenter. They presented him with number of books. On Monday previous the Choral Society had a special function in the college for him also.

Last Thursday evening the faculty was entertained in the home of Mr. and Mrs. Lynn Hunsperger for dinner.

On Tuesday evening of last week the entire junior class with their sponsor, Miss G. Eby, and the deans, Mrs. Kacey and Mr. Waldin, were the guests of Mr. and Mrs. Emerson Shantz for turkey dinner. It was the occasion of Shirley's birthday. The lovely buffet dinner was greatly enjoyed and after games and devotions, gifts were presented to Shirley.

Mrs. Kacey was the weekend guest of Mr. and Mrs. Lynn Hunsperger.

Miss Gladys Eby was the guest of her niece, Mrs. Elain Hallman of Red Deer on Friday and Saturday of last week.

Mrs. Lydia Suter had as dinner guests on Sunday, Mrs. G. Gamble, Linda and Grandma Gamble.

The Arthur Elys and Miss O. Eby were guests in the home of Mr. and Mrs. Lorraine Eby on Sunday for lunch.

Rev. Richard Rolly, general secretary of the United Missionary Society, is holding a seminar in missions in the college during this week. He speaks each morning from 8 to 9; during the regular chapel period at 11:30 each day, and again from 6:45 to 7:30 in the evenings. He will present many facts concerning the missionary activity of the church. Rev. Sloat of Nigeria, Africa will be here for part of this time also.

**USEFUL TRAIT**

No trait is more useful in life than the ability to laugh at one's own defects just as Lincoln was able to make fun of his own homeliness. Once during a debate he was accused of being two-faced.

Without hesitation he calmly replied: "I leave it to the audience if I had two faces, would I be wearing this one?"

**CHEAP TOURS ! ! !**

Canadian students with \$695 (or more) can take a conducted tour of Europe this summer.

Tours run from 35 to 48 days and start weekly from June 20 to July 18th.

They are conducted by prominent educators.

**You can't  
hide from  
the facts!****Cancer . .**

... can, and often is, cured! The important factor is early diagnosis and immediate treatment. Generally speaking, the longer cancer waits the more difficult it is to cure. Unremitting fear of cancer is another handicap.

Don't hide from the facts! Learn to recognize cancer's warning signals, and don't hesitate to visit your family doctor. If you want literature explaining cancer's warning signals and what can be done, write your local branch of the . . .

**CANADIAN  
CANCER  
SOCIETY**Calgary Branch  
231 7th Ave. S.E.  
Tel: AM 6-2658**EAST NOTES**

(From Our Own Correspondent)

The past W.I. meeting will be held at the home of Mrs. Chris Ehret on March 12.

Mrs. Otto Bitter is visiting at the west coast with friends and relatives.

Mr. and Mrs. Schumaker and Gloria called on Mr. and Mrs. Alfie Thompson Sunday afternoon.

Best wishes are being sent out to Lloyd Clipperty, Mrs. Mary Milne and Grandma Huhes, who are patients in Didsbury hospital.

Mr. and Mrs. Christensen and Mrs. Art Gallimore of Calgary were Saturday visitors with Mr. and Mrs. Art Thompson.

Mr. and Mrs. L. Barry and daughter of Calgary were Sunday visitors with Mr. and Mrs. Pete Schumaker and family. The latter is a sister of Mrs. Schumaker.

We are pleased to hear that Bob Weber is home from the hospital and feeling much better again.

Last reports have it that Mrs. Harold Shields, a patient in the University hospital in Edmonton is getting along well, and that Mrs. Floyd Ahlgrim is home again after a stay in the same hospital.

**WHOM INDEED?**

The teacher told the little shaver that Webster spoke perfect English, so he ought to be able to do the same thing.

"Golly," the lad replied, "who couldn't speak perfect English if they'd wrote their own dictionary?"

**ALLEGED IRREGULARITIES IN  
EGG MARKETING VOTE**

The alleged irregularities in enumerating for the recent Egg Marketing Board vote in Alberta emphasize the fallacy of trying to decide an election issue other than on the basis of actual votes cast. In the egg marketing vote every name that was on the voters' list that did not vote was counted as having voted against the proposal. The result was that although 80 per cent of the actual voters cast ballots for the plan, some 10,000 non-voters were sufficient to cause its defeat.

Farmers' Union of Alberta and Alberta Federation of Agriculture officials claim to have proof that a very large percentage of the 10,000 non-voters were also non-existent and that in fact, the number of egg producers voting in favor of the plan was well in excess of the 51 per cent required to make the plan effective.

Besides being a travesty on democratic procedure that the non-voters should have the privilege of overruling the decision of those who are sufficiently interested to cast their ballots, it appears highly impractical.

Improper names can easily be placed on a voters' list, either by accident or design but it is quite another thing for them to vote unless deliberate fraud is committed. It would seem a much sounder plan where a concrete expression of opinion is required, to raise the majority needed to any suitable percentage of the votes actually cast.

**— THE BUDGET****Squirrel Cage . . .****MODERN SCIENCE**

An old man who had spent his entire life deep in the back hill country was brought to New York to be put on a TV show. He was flabbergasted when he saw the big buildings and stood in the lobby of one of them gazing at a little old lady stepped into an elevator; the door closed, a red light popped on and she was gone.

The old codger couldn't be budged until minutes later those same elevator doors opened again. Then a lovely young girl stepped out.

"Well, I'll be doggoned!" exclaimed the bus-eyed oldster. "If I'd-a-known this I'd bring the old woman along!"

**SINCERITY AND  
FRIENDLINESS . . .**

Sincerity is the very foundation stone of true friendliness; it is a human trait that is hard to counterfeit, as the sincere, friendly impulses come from the soul of man and not from the calculating mind. Think kind and friendly thoughts; but don't let them use in your daily life — strengthen your faith in men — and bear in mind that:

"He has not served who gathers only gold.  
Nor has he served whose life is told  
By selfish battles he has won.  
Or deeds of skill that he has done.  
But he has served, who, now and then,  
Has helped along his fellowmen."

### Little Items of Local Interest

Miss Lorna Harvey, a registered nurse and X-ray specialist, at the local hospital, returned last Thursday from a vacation trip to San Francisco and Mexico.

Mr. Henry Djuur, of the Royal Bank staff, spent the weekend at Vermilion with his parents.

Rev. J. Bell of Innisfail will conduct the Sunday service at St. Cyprian's Anglican Church on March 9th at 12 o'clock noon. There will be no service on March 16th.

The local Cub pack had an enjoyable skating party last Friday at the local arena, with the boss, Mrs. Joyce Mullen in charge.

Scoutmaster Bob Bankier, assisted by Jack McFarquhar, took 13 Scouts of the 1st Didsbury Troop out to Water Valley last weekend. It was an overnight camp and reports have it that some of the Scouts are now eligible for more badges.

Mr. and Mrs. Don Freeman of Edmonton spent the weekend with the former's mother, Mrs. Nancy Freeman.

Mrs. Orpha Halliday, accompanied by her sister, Mrs. Jack Pearson, attended Variety weekend in Edmonton last weekend. Prior to her return Mrs. Halliday will visit in Bashaw.

Miss Ruth Eby, daughter of Rev. and Mrs. D. C. Eby, who is a nurse-in-training at Seattle Pacific College, won academic honors during the last quarter. She had a grade-point average of 3.83 out of a possible 4.00. Miss Eby took her high school education at Galahad and graduated in 1931.

Local lady curlers are again in the spotlight, playing in the Didsbury ladies' bonspiel last week, a rink skippered by Mrs. Reta Gilman, with Alma Shannon, Joyce St. Clair and Margaret Hinton as assistants, won the second prize in the second event.

### Westcott News

(From Our Own Correspondent)

Mrs. K. W. Card and family of Calgary spent the weekend with her parents, Mr. and Mrs. Herbert Goeden. Mrs. Goeden had just returned from hospital.

Mr. and Mrs. Neil Folkmann of Calgary were recent guests at the home of Mr. and Mrs. Otto Folkmann.

Sympathy is extended to Mrs. Albert Kozschuh, whose father passed away last week in Oids. She was informed of her father's death while she was visiting with a daughter in Calgary.

### No Sympathy For Railway Firemen

Any effort on the part of the brotherhood of locomotive firemen and engineers to strike rather than accept the findings of the Kellock Royal Commission, will find little sympathy with the general public.

The Kellock commission, after many months of intensive investigation, found that firemen are not required on diesel locomotives in freight and yard service of the Canadian Pacific Railway. This was the argument between the CPR and the firemen's union which culminated, in January of last year, in a work stoppage of some days' duration.

However sympathetic one might be with the union, it would appear that the fireman's job, under certain conditions, has become superfluous. Diesel engines just don't need smoking. And firemen apparently are as necessary to the operation of a diesel as a big stoking crew is to a farmer who harvests with a combine.

### MOUNTAIN VIEW

(From Our Own Correspondent)

Mrs. W. P. Shultz had a full house at her home last Monday evening when a large number of ladies gathered for a Stanley tea. Friday evening, turkey supper guests with Mr. and Mrs. Doug Gooding were Mr. and Mrs. V. Penner and family and Mr. and Mrs. Charles Snyder and family. Sunday guests with Mr. and Mrs. W. H. Snyder were Mr. and Mrs. Alfred Snyder and family and Mr. and Mrs. Eric Gooding and family. We are glad to welcome home Norman Pratt, who has just returned from the Red Cross Crippled Children's Hospital in Calgary. Mrs. Eric Atkinson and children are visiting in Calgary this week with her parents.

Little Percy Shultz, infant daughter of Mr. and Mrs. Lyle Shultz, is a patient in hospital suffering from pneumonia.

The regular monthly show will be held on Friday, March 7th, in Mountain View hall. Mr. and Mrs. Grenville McCaig and family were Sunday dinner guests of Mr. and Mrs. Thomas McCaig at Three Hills.

### Coming Events

—The Ladies' Auxiliary to the Canadian Legion will hold their annual tea and art exhibit in the school auditorium on Saturday, March 15th.

—Eric Ratledge, optometrist, assistant to K. Roy McLean, announces the date of his next visit as Monday, March 10, morning only, at the Rosbud hotel. Consult in city office, 1014 Greyhound Building.

—There will be an "open house" at the home of Mr. and Mrs. John Vinson from 1:30 to 4 p.m. on March 18 for the purpose of celebrating their golden wedding anniversary.

—There will be a dance at Rugby hall on Friday, March 7th. Music by Krebs orchestra. Dancing from 8:30 to 12:30; lunch will follow.

—The Moravian Women's Fellowship will hold a variety program at the Moravian church, 12 miles west of Didsbury on March 7th at 8:00 a.m. Everyone welcome.

—The annual meeting of the Didsbury and District Red Cross branch will be held at the home of Mr. Mrs. E. Coatswell on Tuesday evening, March 11, at 8 p.m. All interested persons are cordially invited.

### BEST NOTES

(From Our Own Correspondent)

Mr. and Mrs. H. Krebs were Calgary victors on Friday. The Arnold Hogg rink, consisting of K. Brian, G. Whitlow and L. Hogg recently won the first prize in the 3rd event at the Sundre bonspiel. The same skip, with R. Bette H. Erickson and A. L. Hogg, took 3rd prize in the first event in the recent Crossfield 'spiel. At present the men are playing at Tremons under great difficulties. The weatherman isn't co-operating which makes for those late evening draws.

Mrs. Wilma Spencer, Mrs. Jean Bellamy, Mrs. Frances Whitlow and Mrs. Hazel Hogg took first prize in the 3rd event at the Sundre 'spiel last Saturday.

Mrs. Maxine Hoeswood was home from Calgary on Sunday.

Mrs. E. W. Lowrie left Monday to attend the cancer workshop in Calgary.

Mr. and Mrs. R. B. Fox visited with friends in Aldrie on Sunday.

Congratulations to Mr. and Mrs. Elwood Scott on the birth of a son. Quite a number turned out to the Wheat Pool meeting, held in Rugby hall Tuesday evening of last week. The pictures were particularly good.

The films planned by the Elktion Willing Workers for Friday, March 7th, have been postponed to Friday, March 14th.

### NOTICE TO HUNTING GUIDES

All persons wishing a guide's licence will be required to take an examination. Exams will be held in Sundre, Alta., on March 10th, in the hall over

**SLIM'S GARAGE**
